

"They are in you and in me; they created us, body and mind; and their preservation is the ultimate rationale for our existence. They have come a long way, those replicators. Now they go by the name of genes, and we are their survival machines."

Richard Dawkins

Beautiful flower of Pitaya,
white flower of garambulla
I can be proud
No one scrapes, where I scrape?
Although you see me go,
my heart is always yours.

Juan Rulfo, Jalisco
